

GLOBAL VILLAGE

Build in Nepal

JOIN OUR TEAM

6-10TH MAY 2024

Spend a week building or repairing homes in the Eastern Region of Nepal to help local families access a safe and decent place to call home.

When

6-10th May 2024

Where

Eastern Region of Nepal. More information to come.

Project

This build will focus on preparing or building new sustainable homes using bamboo as a locally accessible and affordable building material.

Volunteers may be asked to mix mortar, move bricks, prepare bamboo columns and beams, weave bamboo walls, apply mud mortar to walls, and paint.

Cost

\$3,250*

*Please note this indicative cost does not include airfares or visa costs.
